

Michele M. Jochner

for ISBA Third Vice President

Results matter and experience counts. For nearly two decades, Michele Jochner has listened to Illinois lawyers, understood their concerns, and achieved concrete results that directly benefit the members of the ISBA and the legal community at large.

Whether creating and developing the now-annual ISBA Solo and Small Firm Conference, chairing the ISBA General Practice Section Council and other committees, lecturing and writing on a diverse array of legal topics, receiving an ISBA Presidential Commendation in recognition of her service and leadership to the ISBA and the legal

profession, or serving for six years on the ISBA Board of Governors and as ISBA Secretary, Michele has worked to further the interests of Illinois lawyers and to find innovative—yet practical—solutions to challenges facing us everyday in our practices. Michele's broad base of experience in both civil and criminal law, as well as in trial and appellate practice, give her the background and insight necessary to confidently steer the ISBA through the currents of change and into the future. Join us in supporting a proven and visionary leader who has acted—and not simply promised—to benefit our members.

A Leader We Can Count On

Dear Friends:

As lawyers, we all share in the heritage of a noble profession. I am proud to be a lawyer and part of a profession that has such a rich history of standing up for what is right and making a positive difference. We are currently at a critical crossroads with respect to the future of our profession. I am running because I care deeply about the practice of law in Illinois, and we, as an organization, have many important jobs to do. It has been my true privilege and pleasure to work closely with you and share in the common goal of giving back to a profession that has given so much to each of us. Let us continue to work together to achieve our vision of a bright future for our association and our profession. As ISBA Third Vice President, I pledge to continue to take innovative steps to ensure that you stay ahead of the curve and that you thrive, and not simply survive, in the practice of law.

Michele
