# 3 Rules for Using Technology in the Courtroom

## Rule #1:

Have something meaningful to say.

## Rule #2:

Forget the jargon you learned in law school and say it like a human being.

## Rule #3:

No amount of technology in the world can help you with Rules 1 & 2.

# Cyber Secretaries

# Should You Upgrade or Replace Your PC?

- **Do the math**

- Check [eBay](#) to determine the value of your computer
- If the cost of the upgrade is even close to the value of your PC, don't upgrade or repair - buy a new one

- **Examples**

- Windows XP Pro upgrade - \$199
- Repair hard drive
  - 80 GB hard drive (Seagate Barracuda) - \$90
  - Labor & installation - \$250

# Portable Scanner

- § **Visioneer XP100 or 200**: \$200/\$400 street price. Quiet enough to scan images in open court. 10 pages per minute/USB Powered.  
[www.visioneer.com](http://www.visioneer.com)

# Xerox DocuMate 252

- § 25 ppm simplex; 50 ppm duplex
- § 8 Preset destinations
- § OmniPage Pro, PaperPort, Kofax VRS
- § \$999 street price
- § [www.xeroxscanners.com](http://www.xeroxscanners.com)

The DocuMate 252 was recently awarded the AIIM Best of Show award for Hardware: Desktop Scanning. The DocuMate 252 is the fastest and most cost effective duplex scanner in the workgroup segment and is more than twice as fast in color as other black and white scanners at 50% less price!

- **Don't say yes to Weatherbug**
- **Do custom installations rather than "typical" installations**

# Anagram for Outlook

Select text from anywhere, hit a hot key and you've got a new contact!

# Small Office Tip - Backup Outlook

- If you're on a peer to peer network, you need to backup your .pst file or risk losing everything you've accumulated in Outlook.
- See <http://tinyurl.com/oh4l> for a free download from Microsoft that creates backup copies of your .PST files at regular intervals, in Outlook 2000 and later versions, making it easy to keep all of your Outlook folders safely backed up.

# Certified Email

- A program that will send you a notice when your email is received or viewed and the recipient will never know or be asked if it's OK. Email receipts tell you the date and time the message was sent, the date and time that it was opened, and how long it has been in between.
- MSGTAG+ - only \$19.95 from <http://www.msgtag.com/products/>
- Sneaky? Sure; but sometimes you HAVE to know.

# TValue

- Any financial calculation you've ever heard of
- TValue v5 – [www.tvalue.com](http://www.tvalue.com) - \$149

<p><b>Calculate Any Unknown:</b>                  Present or Future Value                  Loan or Payment Amount                  Deposits or Withdrawals                  Interest Rate                  Number of Payments                  Remaining Balance                  Down Payment                  Weighted Unknowns                  Balloon Payment                  APR                  Discounted Value</p> <p><b>Account for Any Type of Payment:</b>                  Normal                  Interest Only                  Fixed Principal Plus Interest                  Skipped Payments                  Dollar Step                  Percent Step                  Balloon Payments                  Negative Amortization                  Enter Payments on Any Date                  Allocate Payments to Interest or Principal</p>	<p><b>Select Any Compound Period:</b>                  Exact Days                  Daily                  Weekly                  Bi-weekly                  Half-month                  Four-week                  Monthly                  Two-month                  Four-month                  Quarterly                  Semiannual                  Annual                  Continuous                  Make Payments Independently of                  Compound Periods</p> <p><b>Computation Options:</b>                  Normal Amortization                  U.S. Rule (Simple Interest)                  Rule of 78                  Canadian Amortization                  360, 364, or 365 Days Per Year</p>	<p>Single User and Network Versions Available</p> <p><b>System Requirements:</b>                  WIN: Win XP, 2000, NT, Me, 98, and 95.
